Deluxe Wireless Remote now standard!

NEW! Swiveling Reel

Full 20-GPM Performance! These Eagle '4020' Trailers now offer 20-GPM Water-Flow at up to 4000-PSI!

Our unique double-power-plant design allows for multiple flow/pressure options whether using the main jetter-hose & nozzles or stepping down to a mini-hose/nozzle for smaller lines.

Wireless Remote Control is included for job-efficiency, and manual controls are mounted near the hose-reel for operator safety.

All Eagle-300 & 600 models feature our best-in-class 5" x 2" tubular **Lifetime Warranty Frame**, & always include a **rust-free protective Front-End Enclosure with Aerodynamic Hood**.

All considered, the Eagle-300/4020-SW-DWR is the most powerful & full-featured Trailer Jetter you can buy for under \$50K

MODEL	GPM	PSI	HOSE SIZE
JNW-E300/4020-SW-DWR	20 GPM	4000 PSI	1/2" x 500 ft.

Superior Construction and Design, makes our Jetters the most powerful and reliable Jetters you can buy...
